**AUTHOR:** These pages were created by Rick Scott.

**PERMISSIONS:** You may use this album page file to print album pages for yourself or your family. You may NOT use it in any other way, and you may NOT charge any fee for it, or use it in any commercial activity without my specific written permission.

**REPORTING ERRORS:** Although these album pages are as accurate as possible, typographical and other errors are possible. I will fix any errors reported. To report an error, email me at the address shown below. When you report an error, be sure and mention the file name and the page number that the error occurs on. For example, you might tell me that in FRANCE40.pdf, page 27 there's a typo in the word Liberty - it reads "Liberyt". If you find a problem with the size of the box provided for a stamp, tell me the size of the stamp in millimeters (I'll figure out the size of the appropriate box). Measure the stamp to the tips of the perforations and give the horizontal dimension first. For example, you might tell me that in SPAIN60.pdf, page 41, the Franco issues really measure 34mm. horizontally by 48mm. vertically.

Enjoy the pages,

### CNL REPRINTS

Towards the end of the Second World War, the Italians were fed up with both the War and the German forces in Italy. The Allied invasion was welcomed by most, and local committees - CLN's (Committees for National Liberation) - were formed to aid the Allies as the Germans were slowly driven from Italy. As areas were liberated, the local committees created their own stamps by overprinting stamps of Mussolini's Italian Social Republic with "CLN" and frequently patriotic slogans, for example "Florence Welcomes the Allies" (in English, no less). Some of these locals met legitimate and desperate needs for postage, while many were philatelically inspired. Most were printed in small quantities and are scarce, and forged overprints on ISR stamps exist.

These particular "reprints" are thought to have been made for a stamp show in the 1970's. Although they look pretty good from a distance, a close up look shows that the base Italian Social Republic stamp is fake (cruder than the originals) and the overprint is printed. They were printed in sheets of 90, with all the overprints on each sheet. (There are not 90 different; some overprints were duplicated and many stamps were left unoverprinted.) There were 10 sheets/denominations.
